

## SKYROCK/POWER - Mobile Outdoor Sound Box

**Get ready to experience an exceptional sound quality with the SKYROCK** The perfect solution for all your sound needs! Whether you're hosting a party, giving a presentation, or simply need to amplify your music, this system is designed to deliver exceptional performance and crystal-clear sound. With the option to operate via mains connection or the built in battery (12 V/18 Ah), you can take this speaker system wherever you go. At moderate volume, the battery can last up to 40 hours, while at full volume, it can last up to 10 hours. Integrated LED indicator shows the charging status. The Bluetooth receiver (version 5.0) allows for wireless connection of portable audio players, so you can easily stream your music from your phone, tablet, or laptop. The Bluetooth TWS feature (True Wireless Stereo) also lets you link two PA speaker systems SKYROCK to a stereo speaker system, providing an immersive sound experience. Featuring a high-performance class D version 120 W, this 2-way speaker system comes with a 38 cm (15") bass speaker and 25.4 mm (1") horn tweeter, delivering an outstanding sound quality, and an output up to 129 dB. This speaker system comes with one adjustable microphone input via comb. jack (XLR/6.3 mm) and one adjustable aux input (3.5 mm jack), providing flexibility for your needs. There is also a USB charging port for your portable audio players, ensuring you never run out of battery while on the go.

- Operation via mains connection or integrated rechargeable lead gel battery 12 V/18 Ah (operating time at moderate volume: up to 40 hours, operating time at full volume: up to 10 hours), with LED for indicating charging status
